

Wescon

LODGING SUPPLIES

Jackson Plastics

Jackson Plastics is a custom injection molding operation with more than 40 years experience in the plastics industry.

Our 122,000 square foot manufacturing and warehousing facility processes a wide variety of resins including:

ABS, Polystyrene, Polypropylene, Engineering Resins, Polyethylene, PVC, Structural Foam, and TPE.

Our injection molding machines range from 132 ton to 700 ton capacities and in addition to injection molding, Jackson Plastics also is involved in vacuum forming and structural foam molding. Four hot stamp machines are in use, allowing us to serve your decorating needs quickly and efficiently. We recognize that each product has unique requirements, from precise tolerances to complicated assemblies to close color registration for decoration. Our Quality Control Department maintains strict guidelines and is involved in each production run, ensuring the highest customer satisfaction.

New Metal Line

Whether you're upgrading your rooms or looking for new design ideas, Wescon will help you source your needs.

Impress your hotel guests with our NEW heavily constructed and elegant line of stainless steel ice buckets and trays. The ice buckets are doubled walled, insulated, and constructed where condensation will not occur.

The Croc wrapped ice tub is ideal for gatherings. This stainless steel ice tub has a built in handle which makes it easy to transport and large enough to chill all your drinks.

Wescon also offers a gold and silver Mylar wrapped ice bucket with matching color handle and clear lid.

Made in the USA, the Mylar ice buckets give you the brushed metal look plus the convenience of easy cleaning by just wiping it down. Whether you're using it indoors or out, these ice buckets will not build up moisture on the surface.

Looking for an upscale way to chill your wine or champagne? Our stainless steel ice bucket and weighted stand will give you that presentation. Ice bucket and stand sold separately.

Ice Bucket Options

Banding Options

To achieve that unique elegant look

Add the newest option of Mylar banding to any Glamour 3 qt. and 2 qt. ice bucket along with matching round plush trays (see page 16) that are available in 14" and 12". To top off the collection, add Mylar banding to 13 qt. wastebaskets (see page 25-27). Banding trim finishes come in Gold and Silver Mylar.

With Wescon, your unique ice buckets, trays and wastebaskets are as easy as 1-2-3.

Trays

Classique Room Tray

Wescon Classique Trays help protect in-room furnishings from scratches and are impervious to fruit juices and colas. Made of tough impact-resistant styrene, Classique Room Trays are easy to maintain - simply wipe clean with a damp cloth. Both styles can be imprinted with custom logos.

Item Number	Description	Case Pack	Weight	Cube

Room Service Trays

Duratray™

Room Service Trays

Wescon's Duratray™ room service trays offer all the beauty and elegance of wood with the durability of tough thermo-plastic ABS construction. Duratray™ is dishwasher safe, stackable, and extremely resistant to denting and scratching. Unlike real wood, Duratray™ will not crack and fade, offering longer service life and more sanitation than real wood. Wescon also offers solid colors as well and features a slight pebble surface to reduce slippage. Duratray™ is also available in a smaller continental breakfast size made from the same material as the larger ones.

Wastebaskets

Oval Fire Retardant Wastebaskets

*Fire Retardant 13 Qt. UL Rated Oval Wastebaskets.
Available in five attractive colors*

At Lancaster Commercial Products, we know that your guests' safety is your highest priority. That's why we took great care in designing our, UL rated, oval fire retardant wastebaskets. Testing proves that these 13-quart, non-metallic receptacles have the ability to hold burning paper without contributing fuel to the container's contents. They are extremely durable and have an attractive textured surface.

Available in five stylish colors, in 12½" h x 10½" w x 7½" d size. Custom imprinting available.

Recycle Insert/Vanity Wastebasket

Dual-Purpose as a Recycle Insert or Vanity Wastebasket

Introducing Wescon's new, environmentally conscious, Recycle Insert/Vanity Wastebasket. It is designed to fit our standard, 13 quart, plastic, oval wastebaskets as a Recycle Insert. The Insert allows for simple separation of trash and recyclables and can hold up to a six pack of beverage cans. It can also be used as a stand alone 5 quart Vanity Wastebasket. The tapered back design, and raised bottom rim, make it perfect for any small room. Standard color options include green, blue, or black, with the black being made with over 80% reprocessed materials. Custom colors are available.

Use as an insert

Hotel Laundry Organizer

Arrange and Display with Two Clear Pockets

Wescon Lodging Supplies introduces the Guest Room Laundry Service Organizer. This vinyl organizer is a simple, smart way to organize the laundry bag and dry cleaning tag provided by the hotel. With a 2 1/4" opening, it is designed to fit any coat rack.

It also features a durable 6 1/4" high clear vinyl pocket on each side of the organizer to secure your guests' laundry request slips & bags. The laundry service organizer will replace the use of a hanger to hold the laundry bag and dry-cleaning tag. Imprinting with your custom logo is available to offer that exclusive look.

Start organizing your hotel closet today with the Wescon Guest Room Laundry Service Organizer.

Door Knob Tags

Wescon offers an exclusive line of doorknob tags to suit all your needs. Our patented design on the No-Blo® door tags reduces the risk of loss due to wind gusts. Wescon's keyless tags fit into any card door slots or can be used for hanging. Add your property logo to personalize the door tags. Doorknob tags are available in 4 stock styles. Custom graphics are also available - just contact our customer service department for a quotation.

Custom Imprinting

Information

Custom Imprinting Information

If you want to make an impact on guests, consider imprinting in-room supplies with your custom logo. Keep your property name in front of your customers for their entire stay.

Information on ordering custom imprints may be found on the current Wescon price list. Please note that plate charges and minimum run requirements differ by item.

Imprint Colors

Wescon currently stocks more than 30 hot-stamp foil colors for imprinting. We carry foils to match National Chain specifications as well as various custom colors. If we don't stock the foil color you require, we are able to match many requests with the Pantone Matching System (PMS). Additional charges apply to color-match custom colors. Stock swatches of current colors are available upon request.

Artwork and Logotypes

The custom imprinting process requires the use of camera-ready artwork. If you are unable to supply artwork, Wescon's Design Department can create camera-ready materials by using your letterhead, brochures, or any other item carrying your logo. There is a nominal charge for this service, based on the time required to create the artwork.

National Chain Logotypes

Wescon's library of over 1,500 hot-stamp dies includes all National and many regional Hotel/Motel chains. These dies are updated shortly after we are notified of any changes by corporate correspondence. Orders placed for chain logo items which are imprinted in colors other than standard are non-returnable. In order to keep our files updated, any plates which are not used for a period of three (3) years will be destroyed.

Die Charges

A one-time die charge or screen charge will be applied to the first order utilizing new custom artwork. One die or screen must be made for each color being reproduced in a logo. In addition, a separate die or screen must be made for each logo size required. Please allow six (6) to eight (8) weeks lead time for new die orders.

Pre-Production Sample Proof

For a minimal charge, a pre-production sample of your new custom imprinted item will be sent for inspection before actual production begins. A pre-production sample is recommended to assure the imprinted items meet your approval.

Ordering Information

Innovation

Wescon's full scale Design Department is available to aid in product development, black and white artwork production and alteration, as well as any other unique design or graphic requirements you may have.

Service

Wescon's Customer Service Department is always ready to assist you with your unique guest room supply requirements. We can help recommend specific items and colors to complement your room decor. Our Customer Service representatives can provide up-to-the-minute order status quickly and reliably. Orders can be shipped via UPS, Fed Ex or LTL common carrier, depending on total order weight. Our corporate LTL common carrier program is in place to offer the most competitive freight rates available.

Additional literature, product samples, color swatches and price quotations are available by contacting our Customer Service Department.

Shipping Lead-Time

Normal lead time for non-imprinted orders is 7-10 working days from receipt of order. Normal shipping of standard imprinted items is 14 working days from receipt of order. Initial custom items can be shipped 6 to 8 weeks after the order. Above shipping times may vary during peak and holiday seasons.

Glassware Shipping

To help avoid breakage, we recommend that all orders which include glassware be shipped common carrier.

Freight Shipping

All orders are shipped F.O.B. Jackson, Ohio. If not otherwise specified, Lancaster Commercial Products will select the most appropriate method for shipping.

Credit References

When prepayment does not accompany an order, or when you wish to establish credit, please send four trade references and one bank reference, all with complete addresses, phone numbers, and contact names to Lancaster Commercial Products, 2353 Westbrooke Drive, Columbus, Ohio 43228.

Returns

No returns will be accepted without written authorization from Lancaster Commercial Products.

Please notify us immediately for authorization if you have a problem with your order. We reserve the right to limit returns to no longer than six (6) months from the date of shipment. We will refuse to accept returns when they are not accompanied by written authorization. A minimum 25% service charge to cover handling and restocking will be assessed on returned orders, but not if the error is ours; custom imprinted orders are not returnable unless the error is ours. Returns must be in original cartons and unused. Major national hotel/motel chain logos ordered in colors other than the standard, are non returnable. Merchandise not on our current price list cannot be returned.

Damaged Orders/Shortages

We are not responsible for shortage or damage claims once your order has been received by the carrier. When a freight carrier receives your order from our shipping dock, they have accepted full responsibility for the condition of the cartons and their contents. If any part of the order is damaged or missing when it arrives, have the delivering carrier acknowledge the damage or shortage and make appropriate notification on your copy of the freight receipt. Carriers must refer claims to their own claims department.

Concealed Damage

If there is concealed damage that could not be detected until merchandise is unpacked, have the carrier's agent visit your premises at once and inspect the damage in person. Ask for a "concealed damage report" and state the condition of the merchandise when it was examined. It is the carrier's duty to provide such services. Insist on it. Concealed damage reports should be made within 15 days of receipt of your order, so even if you do not plan to use an item immediately, you should always inspect it upon arrival. If you follow appropriate guidelines for dealing with problems that might develop with delivery of an order, we will help wherever possible to assist you in establishing your claim against the transportation company. If you refuse a damaged order, or fail to file a proper claim form, it will be difficult or impossible for you to receive compensation for the
